

lieu thereof) lands of other Federal agencies which have been damaged by the Army while being used under agreement.

(c) *Determination of restoration costs.* ENG Form 1440-R, Cost of Restoration, appropriately modified, will be used for the preparation of an estimate of cost of restoration, or salvage or market value, for the purpose of determining the cost of restoration.

(d) *Payments for, or in lieu of restoration—*(1) *Work Performed by the Department of the Army.* If the work is performed by the Department, payment will be made from funds available to the office performing the work.

(2) *Work performed by controlling agency.* If the work has been performed by the agency having administrative control over the property, pursuant to agreement with the Department, reimbursement to that agency may be made by properly supported SF 1080, Voucher for Transfer Between Appropriations and/or Funds, from funds available to the DE.

(3) *Payment in lieu of restoration.* If the work has not been performed by either agency and a payment is desired in lieu of restoration, the payment is, in effect, an advance of funds. As such, the advance of funds will be accomplished in OCE, based on submission by the controlling agency of SF 1080 properly supported.

§ 644.381 Disposal of buildings and other improvements.

Where improvements have a net salvage value and are not to be reported to GSA for disposal with the land, the permitting agency, or Department of the Interior in the case of public domain land, will be required to reimburse the Army for their net salvage value, or the buildings or improvements will be disposed of in accordance with §§ 644.472 through 644.500.

§§ 644.382-644.384 [Reserved]

PREDISPOSAL ACTION

§ 644.385 Record of excess classification.

The DE will establish a record on ENG Form 836A, Real Property Disposal Report, of the excess classification of each Army property and each

Air Force property for which a preliminary or final real estate directive has been issued.

§ 644.386 Utilization for other needs.

The DE will determine the feasibility of utilizing each installation classified as excess to fulfill current directives for acquisition of real estate or known or foreseen potential needs of the Army or Air Force, which may have been generated since the screening process. If redistribution for this purpose is deemed advantageous, recommendations will be submitted to HQDA (DAEN-REM) WASH DC 20314 on the proposed action, indicating when excess status was determined and by which element of the Departments of the Army or Air Force.

§ 644.387 Suspension of acquisition action on installations proposed for disposal.

When a fee-owned installation is recommended for excess by the installation commander, or a preliminary or final real estate disposal directive is issued by the Air Force, any pending acquisition in connection with the installation will be suspended, unless the directive provides otherwise. A recommended plan for curtailment of uncompleted acquisition will be submitted to HQDA (DAEN-REA-L) WASH DC 20314. The plan will include the following information: Identification by tract numbers, names of owners, and area of each tract for which an option has been accepted or a declaration of taking filed, but as to which it is considered practicable and economical to obtain cancellation of the option or a stipulation for dismissal of the condemnation proceeding and revestment of title. Specific information as to the extent and nature of demolition of improvements, new construction, or other damages or changes made by the Government to the premises, and the probable cost of restoration in case of such cancellation or stipulation, will be included. Pertinent public relations aspects should also be covered. Generally, tracts on which a declaration of taking has been filed will not be returned to the owners by stipulation for amendment or dismissal of the condemnation proceedings. Exceptions to

Department of the Army, DoD

§ 644.389

this may be recommended when shown to be in the best of interest of the United States.

§ 644.388 Army military—screening, clearance, preliminary report of excess, except where an E.O. 11954 survey has been made.

Upon receipt of a copy of the installation commander's recommendation of excess, the DE will take the following actions:

(a) Immediately notify DAEN-REM by teletype, furnishing a brief statement of the real estate included in the recommendation.

(b) Promptly screen the property against Army and other defense requirements if required by and in accordance with §§ 644.333 through 644.339, and advise DAEN-REM of the results.

(c) As soon as the screening message is dispatched under § 644.388(b), or immediately upon receipt of a disposal directive from DAEN-REM when screening is not required by §§ 644.333 through 644.339, DEs will prepare and forward:

(1) SF 118, Report of Excess Real Property and other documentation required in reporting the excess property to GSA.

(2) ENG Form 2187-R, Disposal Report, for clearance with DOD and the Armed Services Committees (ASC) of Congress where required in accordance with §§ 644.340 through 644.347. This should be forwarded to DAEN-REZ-L within three weeks of dispatch of the screening message, or receipt of the disposal directive. This schedule will allow the Chief of Engineers to process the disposal assembly through the DA and DOD secretariats and to obtain necessary clearances from the ASC. DAEN-REM will furnish the DE copies of the DOD approval and the report to the ASC. This office will also furnish copies of the ASC report to the Washington and regional offices of GSA, to permit screening with other Government agencies.

(d) DOD approval of the disposal (property having estimated value in excess of \$100,000) signifies the property is excess to Defense requirements. Upon receipt of this approval, the DE will forward a preliminary Report of Excess to GSA by transmitting necessary copies of the completed SF 118, with at-

tachments, carefully identified as preliminary. Where screening is negative for property having an estimated value of \$100,000 or less, the property is considered excess to Defense requirements and a final report of excess should be forwarded promptly to GSA.

§ 644.389 Army military—modified predisposal procedures where E.O. 11954 surveys have been made.

(a) DEs will be advised of military installations to be surveyed under E.O. 11954 by a DOD or GSA survey team.

(b) If property is to be declared excess as a result of a decision by the Department of the Army, appropriate commanders and DEs will be advised. The major commander will be requested to submit a Report of Excess pursuant to AR 405-90 to HQDA (DAEN-REM) Washington, DC 20314 within 15 days. DEs will be furnished a copy of the report.

(c) Upon receipt of advice that property will be excessed, the DE, in coordination with the installation commander concerned, will commence preparation of ENG Form 2187-R, if required, for submission to DAEN-REZ-L.

(d) When the Report of Excess is approved, DAEN-REM will advise the DE and will request that screening be initiated. The approved report will be promptly referred through channels to the DE for further appropriate action.

(e) The ENG Form 2187-R will be forwarded to DAEN-REM not later than 15 days after receipt of the approved Report of Excess.

(f) As soon as the areas to be excessed are clearly defined, action will be initiated to assemble all necessary data so that the final SF 118 may be submitted to GSA within 30 days after necessary Congressional clearance is obtained under 10 U.S.C. 2662.

(g) When the estimated value of the property does not exceed \$100,000 and preparation of an ENG Form 2187-R is not required, the DE, upon being notified of the approval of the Report of Excess, will notify DAEN-REM of the date the SF 118 will be submitted to GSA.
